Why I am running for a board position

- I have a passion for working together with people to solve problems.
- I want to use this passion to serve as a representative of the community to continue promoting our high quality of life here at the lake.

The philosophy by which I would represent you

- My only special interest is you! As a current BoT member, I will continue to operate as a representative of the community; for the community.
- I believe everyone should be treated with respect. I will continue to live by that principle with my fellow BoT members and property owners alike.
- I believe in access and inclusion for all property owners. I am open to exploring live streaming of meetings, so everyone in the community has the opportunity to be “included”.
- Choctaw Lake property owners should maintain control of our water utility, and ensure that it never changes.

My Involvement at the Lake

- CLPOA Board member Oct 2020-present (assumed position of former BoT member who had to resigned)
- CLPOA Recreation Committee Chair. Worked with Lake Manager to schedule three outdoor movie nights for the community in 2021.
- I worked as a Boat Patrol member in 2019.
- One of many volunteers for Easter celebrations.
- One of many volunteers for the new playground.
- I am married to a beautiful wife and five children. Easter, lake events, and playgrounds are important!

Qualifications & Experience

- Senior Manager of Operations, McGraw Hill Education Customer Experience
- School board President for Columbus Preparatory Academy, K-12 (75 teachers, 830 students).
- As school board president, I helped reduce the schools operating debt by 2.4 million dollars
- Board Chair of the Governance Task Force, Columbus Preparatory Academy.
- Co-Chair of the Renovation Task Force, Columbus Preparatory Academy.
- 17 years as Director of Operations for Teleperformance customer care center
