First and last name

Suprena Lohrer

.....

Phone number *

.....

Are you now or have you ever before served on the Choctaw Lake Board of Trustees? *

- Current member of BOT
- Former member BOT
- Never before served on BOT

Why did you decide to run for a seat on the Board of Trustees for this election cycle?

I enjoy improving my committee for my family and my neighbors.

What particular experience do you bring to the Board of Trustees that will be helpful?

My background is an Industrial Engineer, with that I use these skills to review all issues. This could be my organization, verifying the rules of the community, or technical writing skills that I apply to the Board of Trustees.

Is there one particular issue that our community is facing now, or will face in the next 2 years, that is of particular concern or interest to you? If yes, please describe and share how you would resolve or enhance this issue.

There are 3 items that are important to me for the future of the community.

CONTINUED FISCAL RESPONSIBILITY

I want our hard-earned dollars spent on meaningful projects that add value to our community. Ensure collections continue to decrease while keeping high payment rates.

CHOCTAW UTILITIES

Continue to support the new water plant. I want my children drinking the highest quality water. In the last year, a supportive CLPOA board has worked hand in hand with CU. Progress continued and future joint work can be completed professionally.

LAKE WATER QUALITY/DAM

These items are vital to the enjoyment of our community and require long range planning to ensure we can continue to enjoy recreation on the lake. Dredging and continued maintenance will be vital for preserving a fantastic resource and treasure.

What is your vision for our community over the next 3 years?

My vision is that we continue to enhance the community by working together to ensure we are completing projects that are for the entire community while spending money responsibly.
